

WHO WE ARE

The Mayor's Office for Workforce Development partners with community-based organizations, schools, government agencies and the business sector to promote and expand employment and training opportunities for Augusta residents.

By providing job seekers with traditional and non-traditional job search strategies, we work to ensure all individuals are aware of local, state and national resources that will help them acquire gainful employment and/or proper skills training.

RESOURCES

There are numerous agencies within the CSRA who provide employment assistance, education and training.
